Text me for the gate code

A relaxed weekend of camping, floating the Cacapon River, good food, and easy company. Eclectic mix of cool relatives and fun friends — all ages welcome (kids too). We'll play it by ear based on who shows up. Should be solid no matter the mix.

THE PLAN

Floating & drifting the river (conditions vary — fast or slow, hot or cool). Life jackets / PFDs strongly recommended for everyone, especially kids — the river has currents. Woods or deck camping. Basic facilities (well water — let the river be thy cleanse!). Breakfast provided. Potluck dinners — anything you feel like bringing is perfect.

ARRIVAL & PARKING

All day Friday is fine. On-site parking available; street overflow with a slight uphill walk. Evening arrivals might catch some mountain traffic.

NEARBY

Berkeley Springs is close for restaurants, breweries, shops, and Airbnbs if you want a bed instead of camping.

WHAT TO BRING

- Flotation device (a few extras available)
- Life jacket / PFD (recommended)
- Bathing suit, towel, sunscreen, bug spray
- Camping gear or deck plans
- Hiking shoes & layers
- Card games or whatever
- Potluck contribution

PETS

Dogs welcome if leashed. Multiple large dogs — coordinate with me since house space is limited.
